AgVentures!®

The California Ag Leadership Foundation presented AgVentures!® with an \$8,000 donation at the annual California Ag Leadership Foundation Breakfast during World Ag Expo®. Because of their generous donation, AgVentures!® was able to purchase the AgVentures!® On the Go! Mobile Van and continue our ag education mission and outreach.

AgVentures!® On the Go! will be at numerous events throughout the Central Valley in honor of National Ag Month. If you are interested in having Aggie and the van visit your school or event, please contact kerissa@farmshow.org.

AgriBee - March 5, 2020

The International Agri-Center® will be hosting the 2nd annual AgriBee in conjunction with National Ag Day. Much like a spelling bee, students will be asked to spell a variety of words related to agriculture and will be asked to define the words. The International Agri-Center® is proud to provide an opportunity for local fifth-grade students to learn about agriculture. The event will take place at 9:00 a.m. in the Conference Dining Room. Dr. Louann Waldner Provost of Tulare College of the Sequoias, and Tricia Stever-Blattler of Tulare County Farm Bureau are confirmed as AgriBee judges.

We send our condolences to the family of Richard Rogers, who passed away on February 14, 2020, in Visalia, CA. He also served on the board of the International Agri-Center® and later chaired the California Antique Farm Equipment Show®, both of which he remained active with throughout his life.

A celebration of his life was held on Friday, February 28, at the International Agri-Center® in the Heritage Complex Banquet Hall. Our thoughts and prayers are with the family during this time of grief.

Medication Tips by Kaweah Delta

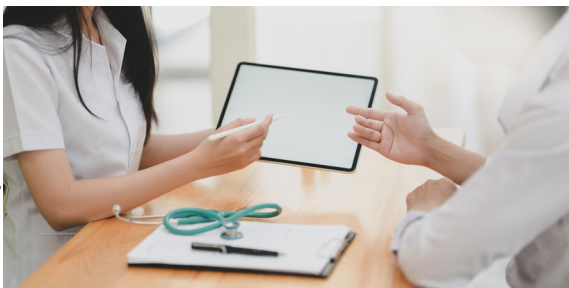

Helpful Medical Forms Made Easy

Did you know you can download helpful medical forms from the Kaweah Delta website? Preparation is key to success, and that is also true of medical care. Visit our website <https://www.kawahdelta.org/> to download forms and fill them out at your leisure to prepare for requesting a copy of your medical record, directing medical care for yourself, or tracking the medications that you take and how frequently you take them.

The Medication Form

Knowing the current medications you are taking is important to keep you safe. Documenting the doctor, drug, and dose for all your meds, including over the counter medicines, vitamins, herbs and supplements, will help your healthcare providers to know about possible side effects, interactions, or complications with your treatment. Whether it's a scheduled visit to your doctor or an unexpected trip to the emergency room, you will be asked for your medication history at most of your health visits.

Kaweah Delta makes it easier to track your medications by providing access to a FREE medication form online. Complete a medication history form to the best of your knowledge and include the name of the doctor who prescribed the medicine, the name of the drug, and the drug dosage. Also, be sure to share

your med form with family or friends who might be your caregivers. This will protect you in the event you are unable to speak for yourself during a medical emergency.

TIPS FOR KEEPING TRACK OF MEDS:

- Take a photo of each medicine bottle with your smartphone so you always have it on hand (including medication name, dosage and instructions)
- If you don't have a smartphone, print your medications on a med tracker form available at kawahdelta.org/knowyourmeds.
- Provide your medication list to your family or caregivers who may accompany you to your doctor visits and other appointments
- Remember to update your Med Form when your doctor changes, stops or updates your medication
- Keep your medication history with you at all times, in case of a medical emergency

These health tips are brought to you by Kaweah Delta, a proud sponsor of the World Ag Expo® and dedicated partner in health for our thriving agricultural community.
