58TH WORLD AG EXPO COMES TO A CLOSE

Tulare, CA – Attendees and exhibitors from around the world gathered in Tulare for the 58th Annual World Ag Expo®, the world's largest annual outdoor agricultural exposition. The three-day show featured 1,274 exhibitors across 2.6 million square feet of exhibit space and welcomed over 100,000 attendees representing 49 states, the District of Columbia, Puerto Rico, and 80 countries.

Exhibitors reported quality traffic with plans to return. "We had an incredible experience at the 2025 World Ag Expo," stated George Cox, Marketing Manager with Pacific Ag Rentals. "Invaluable connections were made throughout the event. Our team was proud to showcase what we offer, and we look forward to returning next year for another great show with more opportunities to connect with the agriculture community."
